Andrew, we represent Rancho LPG Holdings, LLC in connection with EPA's March 14, 2013 letter providing notification of potential enforcement action under section 112(e)(7) of the Clean Air Act. As we discussed yesterday on the phone, we are requesting a 30-day extension to respond to the two information requests referenced in the notification letter. It will require additional time for Rancho personnel to compile the information sought.

As we also discussed, Rancho plans to provide a response to the March 14, 2013 letter by the date requested (April 15, 2013). This extension request is limited to the two information requests. Thank you for your consideration in this matter. Please call if you have questions or concerns, or wish to discuss our request. --Clif
